AS-117/AS-206 Restructuring

Islands previously listed as qualifying for AS-117 that now fall within the co-ordinates box of the new group AS-206, Honshu's Coastal Islands East, have now been transferred and are listed appropriately both in the application database scroll-down list and in the IOTA Directory online.

Following several activations from AS-206 in the last few weeks with most already accepted for credit, the group number is now confirmed. Record-holders with credits for AS-117 that commence with prefixes JA0, 1, 2 and 7 will have their credits reviewed for transfer to AS-206.

Participating were team members: Dave K3EL, Les W2LK, Gene K5GS, Steve W1SRD, Walt N6XG, Mike WA6O, and Rob N7QT. Volunteers Kevin K6TD and Bob W1RH helped with the preparation and Doris K0BEE prepared meals for the three days the team was doing the work.
