Future Djibouti DXpeditions by Col MM0NDX

I recently chatted with the Head of Radio and Frequencies in Djibouti. I had made acquaintance with this gentleman while organising and planning the ill-fated **J20DX** Dxpediton in 2019. We also met while on the ground in that country as he tried (in vain) to help us with our local issues, so we struck up a fair rapport back then. Few days ago, I learned that the Head is now trying to create a new Association of Radio Amateurs in Djibouti in order to be of a service to local and international radio hams who may want to operate in his country. His main goal is to be able to create all possible links to facilitate radio amateurs and to have a good stay, but he must firstly finalise all the possible steps to develop the new association.

Dayton Hamvention 2020 – cancelled

For the first time in its 68 year history, the Dayton Hamvention had to be cancelled due to the Covid-19 spread and the declaration of a national state of emergency.

Intrepid Spirit Award

This year's award goes to the Perseverance DX Group's VP8PJ South Orkney Island team for their superb activation from Signy Island. This DXpedition was extremely well planned and executed from this very remote, cold and harsh Island.

This award is to recognize the entire team's collective effort to activate these challenging and much needed entities on behalf of a grateful Global DX Community. The team was comprised of Dave-K3EL, Les-W2LK, Gene-K5GS, Arliss-W7XU, Heye-DJ9RR, Laci-HA0NAR, Vadym-UT6UD, Walt-N6XG, Rob-N7QT, Steve-W1SRD, Mike-WA6O, Ken-NG2H, Hans-Peter-HB9BXE and Alan-VK6CQ.

VK9NK Norfolk Island –update by Janusz SP9FIH

All my flights are cancelled and I have to stay on Norfolk for some time more. It gives chance to work me for those who need VK9N. On 10th April I will change QTH on the island for little cheaper – my resources are limited. I hope signals from new place will be also good enough to give few people ATNO.

On the scene

V31HQ burned down, help needed

Marc, V31MA writes to inform that, very sadly, the Belize Amateur Radio Club shack (V31HQ) has burned down. Nobody was injured, however Andre V31DL (owner of the shack) lost **all** equipment.
