## **DX News**

**We start this edition with sad news, an icon has become silent key.  
John ON4UN passed away on November 9, I share a letter from his daughter.**

It is with sadness, but also gratitude and pride, I have to let you know my father John ON4UN, has become silent key.

John's health has steadily deteriorated throughout the year, but in the last few weeks he was home with us where he peacefully passed away yesterday November 9.

Ham Radio, and especially Low Band DXing, were my father's lifelong passion and always had a strong presence in our house. Sometimes literally, when many of you paid us a visit or a group of DX'ers came over for a weekend of contesting. At other times in the background, when my dad was working on a project or experimenting with new equipment or antennas.

Though I don't have a call-sign, I very much feel part of the big radio family and always will. I am very proud of everything my father has accomplished together with you, and I am grateful to the many of you who have given him so much joy over the years. We will miss him dearly, but we take comfort looking back on the beautiful life he lived as a member of the wonderful Ham Radio community.

We are planning a digital farewell ceremony on Saturday November 21st and will keep you updated on practicalities.

If you would like to send us a message please mail to *ON4UN.SK@gmail.com* – John's old e-mail account is not in use anymore.

In the meantime, you can pay him a visit at QRZ.com where he always kept his resume up to date.

Marleen Devoldere

**John, ON4UN was the very first contact of VK0IR, Heard Island**

Following the sad news that John, ON4UN recently passed away, we noticed a **comment** left by DX-World reader, Saki DD5XX. In the comment, he provided a link to a video clip of the 1997 VK0IR Heard Island DXpedition where it so happens that ON4UN was the very first contact in the log. In the video he is talking to Ralph, VK0IR – another DX great. We thought this was a pretty fitting tribute and shows the respect and high esteem in which John was held.

#### **A60EMM Emirates Mars Mission**

The United Arab Emirates has officially entered the global space exploration race. This came after His Highness Sheikh Khalifa bin Zayed al Nahyan, President of the UAE, issued a decree to establish the UAE Space Agency, and began working on sending the first Arab and Islamic probe to Mars, a project named "Hope Probe". This makes the UAE one of only nine countries working to explore Mars.

The probe will start its journey in 2020, and is scheduled to arrive to Mars by 2021, in celebration of the 50th anniversary of the union of the UAE. The planning, management and implementation of the probe project are implemented by an Emirati team, whose members depend on their skills and diligence to acquire all space exploration-related knowledge and applying it. The program is fully funded and supervised by the UAE Space Agency, while the probe is being developed by the Mohammed bin Rashid Space Centre (MBRSC), in collaboration with international partners.
