CQWW CW Contest November 28-29, 2020

Just like this year's planned DXpeditions, the CQWW (SSB & CW) contests have been slightly diluted due to Covid-19. However, there's still some juicy DX to be picked this upcoming weekend.

During the various global, regional and local lockdowns we saw a huge influx of newly licensed operators appear from numerous countries. This is great news and what better way to work some "Big Gun" stations than to participate in the largest contests of the year?

- Listing of (DX) stations participating found [here](#)

Good luck to all participants and don't forget to share any pictures, videos or news via our very popular social media channels.

Farewell Ceremony for ON4UN

Dear amateur radio friends,

I have been overwhelmed by the many heart-warming messages received from so many of you after my father's passing. I am very grateful for all the stories and memories that were shared.

Let me thank you by inviting you to his farewell ceremony – this Saturday, November 21 at 14:00 UTC.

You can join the ceremony (or view it in the next days) via [this link](#)

Warmest regards,

Marleen Devoldere

DX World Quiz 13

Here's the 13th DX-World Quiz. Unlucky for some?!

Of note – because we are thinking ahead to a bumper Xmas Quiz – please get in touch if you have any interesting, factual, DX-related questions which could be of use. The Xmas Quiz may run to 20-25 questions so definitely looking for a little help. **It will also**

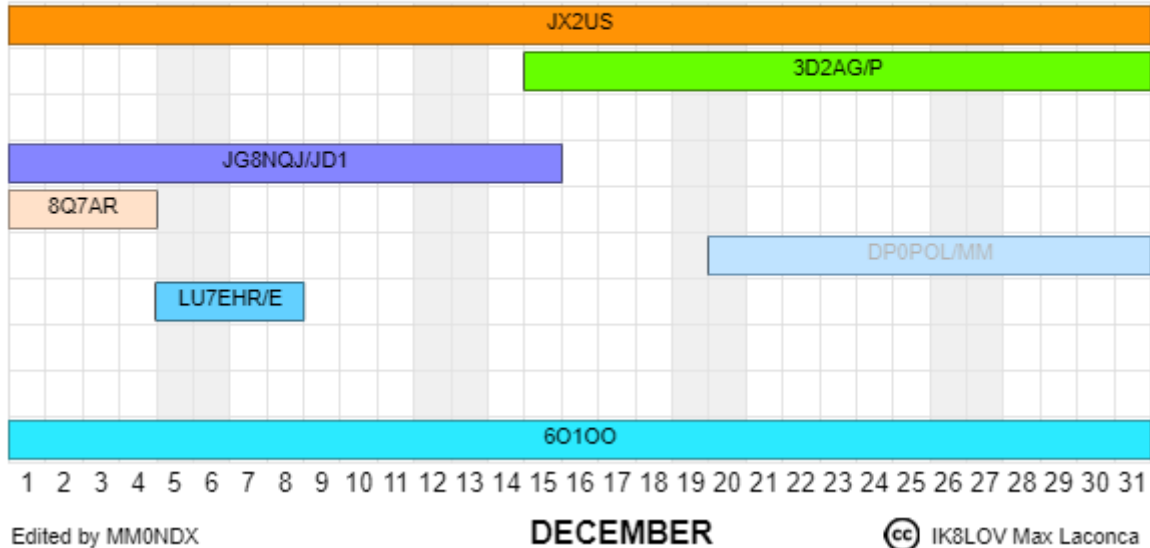

feature prizes!

In their spare time they are QRV from the 8J1RL club station, with activity on 40, 30, 20, 17 and 15 metres mainly FT8. They will be there until January 2021. QSL via the bureau to 8J1RL, or direct to JG2MLI.

Special calls

THE NEWCOMERS

DECEMBER YOTA MONTH

The entire month of December, several youngsters under the age of 26 will become active with YOTA as suffix in the callsign. The idea behind this is to show the amateur radio hobby to youth and to encourage youngsters to be active on the ham radiowaves. Usually you hear YOTA stations on air from our summer and subregional camps throughout the year. This season has been an exception. Due to the worldwide COVID-19 pandemic, nearly all our camps and events had to be cancelled. Therefore, nearly no possibilities were left to hear YOTA stations on the bands.

Hence, we as Team YOTA want to show the world that the youngsters still want and can be active on the bands during this difficult time. Help your local youngsters to get on the air throughout the December YOTA Month following your national health guidelines.

Either you are a supporting elmer or under 26 years yourself, contact your society's youth coordinator to be active with your national YOTA callsign. If your society did not apply for one yet, feel free to encourage them to do so of course. It will be a pleasure to work a lot of new youngsters on the bands!

A60EMM Emirates Mars Mission

The United Arab Emirates has officially entered the global space exploration race. This came after His Highness Sheikh Khalifa bin Zayed al Nahyan, President of the UAE, issued a decree to establish the UAE Space Agency, and began working on sending the first Arab and Islamic probe to Mars, a project named "Hope Probe". This makes the UAE one of only nine countries working to explore Mars.

The probe will start its journey in 2020, and is scheduled to arrive to Mars by 2021, in celebration of the 50th anniversary of the union of the UAE. The planning, management and implementation of the probe project are implemented by an Emirati team, whose members depend on their skills and diligence to acquire all space exploration-related knowledge and applying it. The program is fully funded and supervised by the UAE Space Agency, while the probe is being developed by the Mohammed bin Rashid Space Centre (MBRSC), in collaboration with international partners.
