Russian District Award

<http://rdaward.org/indexeng.htm>

Our diploma program has been around for 20 years, and its main goal is to get cfm for QSO with all districts of Russia.

We have developed an automatic RDA district cfm specifically for fulfilling the requirements of the diploma program:

<https://mydx.eu>

This service makes the participation as easy as possible. You do not need to create an application and send it to the Diploma Manager – all you need to do is to send in your payment and your post address. You can get either one or several diplomas – it is up to you. For your convenience we have created special version of RDA dx-cluster where you can easily see those RDA-s that you don't have confirmed yet.

You also have a possibility to have a sound notification when your unconfirmed RDA is spotted. Go and check it out:
