AS-104 Rykacheva Island R150WS –update

At night it got cold to -20. At 05-20 the heat gun stopped working. Part of the team spent the whole day doing repairs. A backup option has been implemented. The temperature in the tent did not fall below +12. During the day, the bright sun helped us to cope with the problem of heat. By the evening it was +20 in the tent again. Another event that warmed us. TV and radio company Tyumenskaya Vremya decided to make a short report about our trip (video below). To do this, a radio link was established between the collective radio station of Tyumen, where a journalist from the Tyumen time was present, and us. Of course, our friends and colleagues accompanied this radio communication session. Audibility was excellent, everything worked out. By evening, 4,000 connections had crossed the line. The weather is -27, the south wind is getting stronger, it is throwing snow. Tomorrow we plan to install a memorial plaque to Mikhail Alexandrovich Rykachev, raise the flags of our clubs and partners. The team is in order. Good mood.

SP DX Contest 2022 –cancelled

After careful deliberation, the SP DX Contest Committee, together with Polish Amateur Radio Union (PZK) and the SP DX Club, has decided to cancel the 2022 SP DX Contest. Since the start of the war in Ukraine, Poland has accepted nearly 2 million refugees to date, as a direct result of Russian aggression toward our neighbor. This is an unprecedented event in Europe and has resulted in the greatest migration crisis in Europe since World War II. Polish people are deeply engaged in all forms of humanitarian assistance. Polish radio hams are giving shelter to Ukrainian refugees in their homes and offering their help and services in every way possible. Under these extraordinary circumstances, we felt it was most appropriate to cancel the SP DX Contest this year. <https://www.dx-world.net/cancelled-2022-sp-dx-contest/>

S21DX Char Kukri-Mukri AS-140

Here is a video of the S21DX IOTA DXpedition to AS-140 by S21AM and S21RC. DX-World was very happy to be main media outlet for this activity. <https://www.dx-world.net/s21dx-char-kukri-mukri-island-as-140/>

Suspension of Russia and Belarus from CEPT

Based on a request from a number of CEPT members, the CEPT Presidency carried out a written procedure, in accordance with the CEPT Arrangement, on the proposal to suspend indefinitely and with immediate effect the memberships of the Russian Federation and Belarus in the CEPT. Thirty-four responses were received to the CEPT Assembly letter in support of the proposal and one abstention.

Based on the above, the CEPT Assembly has therefore decided:

to suspend indefinitely memberships of the Russian Federation and Belarus in the CEPT.

that the suspension of the said CEPT members will take effect as from 00:00 (CET), 18 March 2022.

that any future readmission to the CEPT would follow the usual rules established in the CEPT Arrangement, notably the need for a two-thirds majority of members of the CEPT to endorse such a decision.

Moreover, the CEPT Presidency requested the Office to take all necessary measures in order to set in place the above-mentioned decisions.

Zorro JH1AJT S.K –by Champ E21EIC

After a long and courageous battle with cancer, it is of immense sadness to learn the passing of Zorro san, JH1AJT. Zorro san was in-and-out of the hospital a lot these past few months, but despite all the efforts, his health continued to decline and became critical last Friday. He passed away peacefully in his sleep this morning at 0850am JST.

Our ham radio world has lost another beaming light. Zorro san JH1AJT was the founder of SEISA Group and Foundation for Global Children (FGC). He was deeply involved in humanitarian projects in Cambodia, Bangladesh, Japan, Myanmar, Eritrea and Bhutan, and was also the main driving force behind many DXpeditions. His awards and achievements in amateur radio include DXCC Honor Roll #1, DXCC World Ranking No.1 on 10m band, CQ DX Hall of Fame in 2015, YASME Excellence Award in 2018, Dayton Hamvention Amateur of the Year and CQ Amateur Radio Hall of Fame in 2020.

DL7UXG S.K –by Ric, DL2VFR

It is a difficult and sad task for me to inform you that my friend Klaus-Dieter Pöls, DL7UXG, passed away today.

Klaus was the editor of the DX-Mitteilungsblatt (DXMB or DXNL = DX-Newsletter of the DARC). He started in 1970 as short wave listener and became licensed first 1974 as DM4XIG. Later he was active as Y51SL and Y28XL before he obtained DL7UXG.

Since 2011 he contributed to the IOTA news of the DXNL and took over as responsible editor in 2014. Almost 400 DXNL have been published until last week by Klaus. This week there will be no DXNL. Klaus was a very active expeditioner from WWFF and several IOTA in DL, SM, OZ, LA, OH and TF. We had new plans for this year. R.I.P.

Ukrainian Contest Club – CQ WW Contests (by Vlad, UY5ZZ, President of Ukrainian Contest Club)

A few words from Ukrainian operators. We were always on the side of ham-spirit, friendship and equality. These are the key points of any modern society. But these days our country is faced with unbelievable aggression from Russia. This is not a politic. This is a crime. A terrible crime. The things that happen there can't be described with just words..

We wish to thank a lot of hams all over the world for their kindness and support. However, we see a lot of evidence that the majority of the Russian amateur community shows active support for this aggression. We understand that most of them are just "infected" due to the incredible amount of lies and propaganda. But a contagious person must be quarantined. Isn't that right?

JW, SVALBARD DX-Adventure is a joint venture of Max-ON5UR and Erik-ON4ANN, and consists of 15 very enthusiastic people with all experience in participating or organizing a DXpedition. The first DX-Adventure project is therefore immediately ambitious: The Arctic Archipelago – Svalbard – IOTA EU026 from April 19-26, 2022. The setup is to be active with 5 stations on all HF bands in different modes (CW, SSB, RTTY, FT8-FT4). In addition, we have the ambition to be the first to activate EU-026 on QO-100. Three team members take on the challenge of driving a snowmobile all the way to Kapp Linné, about 100km east of Longyearbyen. This is the only location that allows a "line of sight" on the QO-100 satellite. In addition, Kapp Linné is also on the edge of the satellite footprint – speaking of a challenge..

JX, JAN MAYEN Helge, LB4MI recently listed this particular callsign on the QRZ.com database. He mentions to DX-World that more info may become available in a few weeks' time, and there is a chance the trip will happen. QRX..
