### **3Y0J Bouvet Isl 2023**

Today it is 9 months until the operators travel to South America to board Marama and go to Bouvet. We're getting closer!

We can announce the last operator on the team that will be **Pete N0FW**. We're extremely happy to have Pete on the team with his experience and knowledge. Pete is a well know DXpeditioner; he has been on more than 16+ DXpeditions, some quite rare ones, and he is a lowband enthusiast for a long time with 322 confirmed current DXCC on 160m – so he has great ears!

In 3 weeks' time we will perform a **4-day vessel inspection in Itajai in Brazil**. Marama that has completed several trips to Antarctica this winter season will undertake some maintenance during her stay in Brazil. At the same time this allows us to do a detailed inspection of the vessel. Another purpose of the trip to Brazil is for us to complete the vessel loading plan. <https://www.dx-world.net/3y0j-dxpedition-to-bouvet-island/>

### **Major overhaul at ARRL/DXCC planned**

DX-World has today learned that a **major overhaul** within ARRL DXCC (DXAC) is being planned. Details are still to be formally announced, but we can exclusively reveal the following:

\*ARRL is considering adding "Moon" as a new DXCC entity when the next astronauts land there.

\*Apparently ARRL will soon delete all DXCC countries where there has been no radio activity since 1st January 2000.

\*In addition, but not yet confirmed, FT8 QSOs will now only count for Digital DXCC, and not Mixed DXCC.

Keep an eye on the ARRL [website](#) or DX-World for further updates.

### **The INDEXA Humanitarian Aid Fund**

Before his death in March of 2022, Mr. Zorro Miyazawa, JH1AJT, established and endowed the INDEXA Humanitarian Aid Fund which specifically supports humanitarian aid projects carried out by DXpeditions. His generosity enabled INDEXA to begin these grants in January of 2016. The tag for this fund is "Hams with Hearts," reflecting Zorro's character and values. INDEXA is proud and grateful to be able to sustain Zorro's legacy through this fund. <https://www.dx-world.net/the-indexa-humanitarian-aid-fund/>

### **TX5N Austral Islands –update**

Our equipment is now safely at the guest house on Raivavae.

One team member will leave Germany on Monday, the remaining team members will meet at San Francisco airport on Tuesday for the 8 hour flight to Papeete.

If you're curious about propagation from your QTH to Raivavae click on the **K6TU** menu link. Add your information and Stu's software will calculate the openings.

### **JX/LB5SH Jan Mayen –update**

As you may know, my plan is to hitch-hike with a team of mountaineers, travelling from Svalbard to Jan Mayen in late June, 2022. However, a couple of weeks ago, I received a notification that the trip is at risk of being cancelled, due to a lack of reservations. At the time being, the trip cannot be completed without a significant financial loss, which, understandably, isn't an option.
